

Before school

Every morning, I get up at 8:30am to get ready for school. The school uniform is simple: light blue T shirt, a navy jumper with the school logo and black shoes or trainers.

Upon arriving at school, there are always members of staff standing on the school; at the gate welcoming you into school. Before Covid, we used to be able to go in the dining room and have some breakfast such as a slice of toast and a drink before being called into our class for the day. Unfortunately, due to Covid, we have to have our breakfast in the classroom, before the lesson at 9am.

Personalised Learning

The school day starts with personalised learning which takes place in your classroom with your lead teacher and your tutor. During personalised learning we read for 15 minutes then choose a different activity such as: Sum Dog which is a game competing with the other classes. Also we would watch the news or do times tables on TT Rock Starz.

Breaks and dinners

Our breaks are at quarter past 11 we get 15 minutes. We can eat toast or fruit or go outside on scooters or play football, rugby or basketball. At dinner it's at 20 past 1 for 25 minutes. We eat food like sausage and meatball pizza, a chicken dinner etc. You get pudding like rice pudding or sponge and custard. When you have eaten you can go outside and do everything you can do at break.

Lessons

Every day, we have 5 lessons, they are 55 minutes long unless you have a double if you have Food Technology. Lessons include Maths, English, Science which are the most important lessons. My favourite lesson is Maths and English as they are fun lessons and it helps everyone with everyday life.

The end of the school day

At the end of the day, we normally get called class by class. Taxis get called first then buses, bikers and walkers get called. Although, on a Friday we do a reward assembly where a different student wins a prize for the lesson they have been more successful in during the week or that they have tried the most in.
