

Re: Hot weather precautions

Tuesday 23rd June, 2026

Dear Parent/Carer,

With the current period of hot weather, we would like to remind families of the measures that we are taking to help keep children safe and comfortable during the school day.

Please ensure that your child:

- Brings a water bottle to school every day. Staff will refill these when needed.
- Wears suitable clothing (black, navy or grey shorts large logos are not permitted, plain tailored shorts are preferred) in line with the school uniform policy.
- Brings a sun hat or cap for outdoor activities.
- Has sunscreen applied before arriving at school. If your child is able to apply sunscreen independently, they may bring a clearly named bottle to school.

Throughout the day, staff will encourage regular water breaks and will make use of shaded areas where possible. Outdoor activities may be adapted or reduced during the hottest parts of the day.

We would also ask that children come to school prepared for the weather, as temperatures are expected to remain high over the coming days.

Thank you for your support in helping us keep all pupils safe and comfortable.

Yours sincerely,

Mrs Horne
